SENSATIONAL DIVORCE SUIT AT LAS CRUCES

Las Cruces, N. M., Oct. 21.—The sensational divorce case of James G. Darden, of Albuquerque, plaintiff, against his wife, Fannie Van Riper Darden, a case that has already attracted much attention in New Mexico, New York and California, was scheduled to come up in the district court here yesterday before Judge F. W. Parker. The case, however, was postponed until this morning at 10 o'clock.

Mrs. Darden, who is a wealthy New York woman, arrived here in a private car over the Santa Fe from El Paso in state, accompanied from the Pass City by Mrs. F. L. Kirby and companion, W. D. Van Vleet, K. Van Riper and P. J. Britt and valet. It is understood the defendant is prepared to contest the case most vigorously and some highly interesting evidence is expected to be forthcoming in the trial.

Darden, it is said, was married to the defendant, October 23, 1907, in New York, having met her at a theater. Mrs. Van Riper then had apartments at the Marie Antoinette hotel in Gotham. She was a lonely widow, so the story goes, and alleges that her suitor pictured the beauties of New Mexico, its grand mountains, and green valleys, its turquoise sky and perpetual sunshine, and the wedding soon came as the culmination of the romance.

What followed is something upon which plaintiff and defendant appear to differ widely. In his petition Darden alleges desertion, claiming his wife refused to live with him in New Mexico. In her cross action the defendant gets forth that her husband would not let her live in Albuquerque, declaring that he said, "The men in Albuquerque are all gamblers and the women are no better. It is no fit place for you, and besides the altitude is too high." Mrs. Darden asks for a separation and all her money back, including one sum placed at \$30,000. The plaintiff claims that this money was a free gift to him from his wife, and that she promised to give him, moreover, a balance of \$100,000. Albuquerque witnesses summoned in the case are Col. D. K. B. Sellers, Al Frost, D. S. Rosenwald and Charles Chadwick.

A hat full of coal lasts all night in COLE'S HOT BLAST

That is a tremendous fact for users of heaters. Your fire is never out! A hat full of coal in a Cole's Hot Blast burns all night, and in the morning instead of building the fire, shivering in a chilled room and waiting for the fire to heat up, you open a draft only.

And there is fuel enough left to warm up nicely.

We not only say this. We guarantee it, and our word is backed by the largest manufacturer of soft coal heaters in America.

We guarantee a saving in fuel of a third. This is a conservative guarantee. You really save one-half to 80 per cent of your winter's fuel bill by using this stove.

In fact, our guarantee on Cole's Hot Blast is
